

SWC-D84T6

Enclosed Subwoofer Box for VW T6 & T6.1

Vehicles

Volkswagen T6 (7H/7J) 07/2015 → 2019
Volkswagen T6.1 (7H/7J) MJ 2019 →

Designed for California, Multi-van, Caravelle and Transporter

All sound systems are compatible with all configurations (Multi-van, Caravelle, California and Transporter) and any kind of original or aftermarket radio system (exception: not compatible with Volkswagen Dynaudio® sound system). These Alpine speaker systems are also compatible with the Volkswagen front windscreen roller blinds.

The Woofer Concept for VW T6 and T6.1

The addition of a subwoofer housing completes the Alpine Adventure Audio sound upgrade for the Volkswagen T6 & T6.1. With this separately available subwoofer housing in an enclosure design, we offer the possibility of flexibly designing the bass upgrade in your Volkswagen T6 and T6.1. Whether you want to continue using an existing amplifier for this subwoofer or add a new Alpine amplifier - here you remain completely flexible in your choice. This system for the Volkswagen T6 and T6.1 perfectly combines "form and function": Enjoy audiophile sound quality with Alpine Adventure Audio.
